and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, be cause it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, becaus after one or two applications the gray hair vanish es and your locks become luxuriantly dark and beautiful.

This is the age of youth. Grayhaired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youth ful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, miti gation or prevention of disease.

miral Du Fournet

Greece Also Ordered to Dismantle Forts on Coast and Disarm Naval Vessels.

London, Oct. 12.-Vice-Admiral Dartige du Fournet, commander of the Anglo-French fleet in the Mediter ranean, has presented an ultimatum to Greece, demanding that Greece hand over the entire Greek fleet, ex cept the armored cruiser Averoff and the battelships Lemnos and Kilkis to the entente allies by 1 o'clock Wednesday afternoon, according to Reuter's Athens correspondent. De mand is also made for the control of the Piracus Larissa railway.

"The minister of marine," correspondent continues, "Says Vice-Admiral Fournet's demands will be complied with and that the fleet will be handed over before the pre scribed time. The demands were made as a precautionary measure to insure the safety of the allies' fleet."

It is explained that the dispatch o artillery and ammunition to the in terior, the movements of Greek ships and the continued activity of the re servist leagues have aroused fears of a disturbance of order at points where the allies' war vessels are anchored and also endanger the security of the allied troops on the Balkan front,

Vice-Admiral du Fournet demands the disarming of the Kilkis, demais and Averoff and the dismantling of the forts on the sea coast, while the two forts commanding the fleet's moorings are to be made over to the admiral. Control of certain points must also be placed in the hands of the Angio-French authorities. In addition to the disarming of the warships named, their crews are to be reduced to one third of the regular complement.

O. E. S. DISTRICT MEETING

Tuesday Evening.

Held in Bank Hall, North Bennington,

According to the verdict of the atending grand officers, District No. 1 Order of the Eastern Star, held one of the most successful meetings in Its history, Tuesday afternoon and evening in Bank hall, North Hennington At the District meeting held in 1915 in Masonic Temple, Bennington, ten chapters were represented, but since that time the district has been divided so that No. 1 now has but five chapters. Therefore the attendance of about one hundred fifty, was larger in comparison with other years,

In addition to goodly delegation from the chapters included in the district, there were visiting members of the order from New York, Massachusetts and Connecticut. Also grand representatives from other jurisdictions, Mrs. Laura Cole of Bennington. P. G. M. of Vermont, who represented Oregon; Mrs. Helen Cole of North Bennington, P. G. M. of Vermont, repesenting Florida; and Mrs. Irene Canfield of Arlington, P. G. Ruth of Vt. representing Maryland. The officers were present were, Mrs. Florence K. Pierce of Barton, grand matron; Edward H. Prouty of Montpeller, grand patron; F. R. Nichols of Chester, association, grand patron; Mrs. Nellie Mr. Smythe of St. Johnsbury, grand lecturer; Mrs. Olive J. Stowell of Brattleboro, grand secretary and Mrs.

F. R. Nichols of Chester, grand Ruth. The rendering of the ritual work, at both afternoon and evening sessions was highly commended by the grand lecturer and other grand officers, who congratulated the Deputies, Mrs. Ella O. Ranney of North Bennington, D. D. G. M. and Seymour Hard of Arlington D. D. G. P. on the prosperous condition of their district. Today the grand officers accompanied by Mrs. Ranney are attending a meeting of the new district No. 10, in Rutland. An especially pleasing feature of the meeting was the excellent music. In the afternoon, Miss Ethel Davenport of Bennington gave two selections which were greatly enjoyed and in the evening the work of conferring the de

French Break Through 150 Mile Bat tle Line and Capture Trenches By Storm.

Paris, Oct. 11 .- A heavy blow was dealt to the Bulgarian left wing in eastern Macedonia today when British troops cut the railroad between Demir Hissar and Seres, the main artery o this part of the Bulgar line. British cavalry forces are only two miles from

Seres. In the center of the 150 mile battle line French infantry cut through the Bulgar first line, taking by storm the trenches on the heights west of Deved jili. The French here are on the Ser bian border.

The Serbian army is meeting desperate resistance from the Bulgars. Reenforcements have been sent to the Bulgar right wing.

The British are firmly established on both sides of the Demir Hissar railroad. They have occupied Toplacva, between the railroad. They have occupied Topalovt, between the rai road and the Struma, and Prosenik, east of the railroad.

At the northern end of their new front on the east bank of the Struma the British are able to observe the Bulgar troops six miles from Demir Hissar. Today's British statement announces that Bulgar working par ties are busy there, evidently diggin; new trenches in an attempt to sto; the British advance. The new Palgar line is being dug between Barakii and Barakli Juma, east and west, re specively of the railroad.

Having cut the railroad thus menac ing the communications of the whole Bulgar left wing, which is composed of the seventh, ninth and tenth divisions the British are pushing out north and south toward Demir Hissar and

The Bulgar positions in eastern Macedonia depend mainly upon the railread from Demir Hissar, which curves down through Seres to Drama and finally east to Adrianople. It is tthe only railroad in the occupied ter ritory, which is mountainous and has poor roads.

London, Oct. 11.-Finding them selves unable by two violent counter attacks to recapture from the French a single yard of the ground lost yes terday south of the Somme, the Germans today admit their defeat. The Germans also tell of the loss of the hamlet of Genermont in venterday's attack, the capture of which the

French had not reported. Paris announces more of the exten sive air raiding of German communications that usually precedes attacks on a vast scale, and all the official statements mention very heavy bombardments. Particularly about Verdun the artillery was busy, indicating that the Crown Prince may again in tend to take the offensive

London, Oct. 11.-German troops fighting beside the Austrians in licia stormed the village of Hebutov of the grand chapter of Vermont who on the Narayuvka River, southeast of Lemberg, today, according to an Austrian statement. The statement also says that Russian attacks in the Ludova sector were repulsed.

Regarding the battle for Kovel and Lemberg that has raged flercely for weeks the Russian and German statements today say there were no event of importance.

ABANDONED BOATS FOUND

May Indicate Kingstonian's Crew Has Been Picked Up.

Newport, , R. L. Oct. 12.-The findng of five abandoned ship's boats by the Spanish steamer Antonio Lopez. reported in a radio message relayed to the naval station yesterday by the Nantucket shoals lightship, was considered in naval circles as suggesting a possible trace of the crew of the steamship Kingstonian, reported torpedoed by a German submarine on Sunday. Search for the crew had been suspended by the naval authorities, who doubted whether the subma rine's victims included any vessel oto er than those whose crews had been brought to port. By some the measage was held to be far from conclu cive evidence that a sixth veseel was sunk, the suggestion being made that the boats may have been those from

which a crew, now ashore, was taken. abandoned "We have found five boats along a radius of three miles." the message said. The rest of the ra diogram was somewhat unintelligible because of evident errors in transmission. As received it read: "They had on board his apparel only. It is impossible to read his names. One of them had painted word 'Liverpool.' All in good condition." Radio operators could not suggest a word which might sound like "his" in wireless

Liverpool in the halling port of the steamship Kingstonian, and from that fact naval officers developed the possibility that the boats were from that vessel. Liverpool also is the hailing port of the steamer West Point, whose crew was rescued by a torpedo boat destroyer. Whether all the West Point's boats are accounted for had not been determined yesterday. The statement that the missing boats were in good shape was accepted as an indication that no harm had befallen those who were in them. If the boats were those of the Kingstonian it was thought her crew probably was picked up by an east-bound vessel which will fand them on the other side
